APPLICATION RECOMMENDATIONS

(Please assist the committee in their evaluation by following these guidelines)

1. Create a single PDF file with a unique file name for each criterion. Upload only one file for each criterion. ***If you are not applying for points for a particular criterion, do not upload any documentation for that criterion.***
2. Make sure the submitted screen shots are legible and easy to read.
3. Make sure the documents are all facing the same direction and oriented for reading (left to right and not upside down).
4. Have multiple staff members proof the application, narrative and attachments for all criteria for accuracy before final submission.
5. Ensure all links are public facing and not an internal network, otherwise the committee will not be able to access.
